

Environment
Agency

Future pressures

Paul Hickey

Head of Water Quality

1st July 2010

Overview

➔ A big topic!

➔ wastewater business perspective

➔ future pressures but also how we face these

Future pressures

Environmental
constraints/capacity

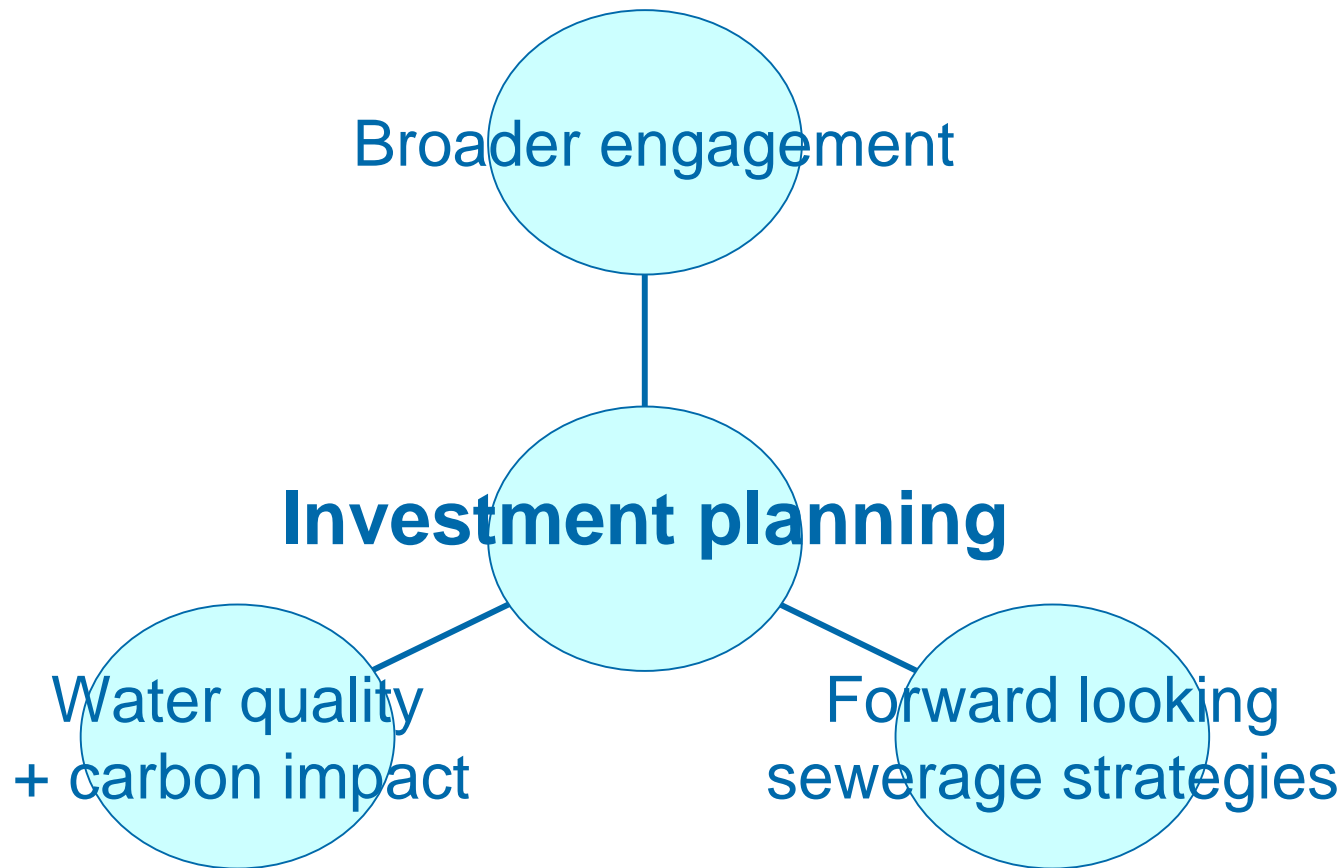

Potential structural
change + new duties

Population growth +
climate change

Implications for wastewater business

- ➔ A lot to celebrate...
- ➔ But future pressures prompt consideration of;
 - ➔ Investment planning
 - ➔ Managing changes in demand
 - ➔ Our (Environment Agency) approaches

Facing the challenges

Facing the challenges

Facing the challenges

Questions + challenges!
